Esopus, N. Y., Nov. 9.—Judge Parker congratulated the election of President Roosevelt at 8:30 p. m., when he received a bulletin that the democratic national headquarters had already admitted that every doubtful state had been carried by the republican national ticket. He appeared to be not at all downcast by the result, although it is known that he greatly deplored his overwhelming defeat in his own state. He received the discouraging news in his study, where he sat smoking with two of his neighbors. The bulletin from democratic headquarters concerning Judge Parker's defeat was given to the judge by a press representative. When asked if he had any statement to make, he pulled a telegraph blank toward him and wrote hastily for a moment. Then he said:

"I am going to send this telegram to President Roosevelt."

Rosemont, Esopus, N. Y., Nov. 8.—The President, Washington: The people by their votes have emphatically approved your administration. Alton B. Parker, Washington, Nov. 8.—President Roosevelt's reply to Judge Parker's telegram was as follows:

"Alton B. Parker, Rosemont, N. Y.: I thank you for your congratulations. Theodore Roosevelt."

Washington, Nov. 9.—Chairman Cowherd of the democratic congressional campaign committee, at 11 o'clock, said: "We concede that the republican Roosevelt landslide has carried the house of representatives for the republicans by a majority at least as large as that by which they carried the senate."

New York, Nov. 9.—From returns at hand the electoral vote stands as follows:

Chicago, Nov. 9.—Secretary Elmer Dyer, of the republican national committee, says Roosevelt will have 317 electoral votes, which is six more than the pre-election estimate. He said: "Owing to differences in time and greater distances, in the western states, the returns are slower and incomplete. They indicate, however, that the sentiment which carried the east prevails in the west, and I think we justify our claim that we will carry every doubtful state. I would revise my estimate by giving President Roosevelt 317 votes instead of 311. The result of the election indicates that the people are satisfied with the record of the republican party for eight years, and in addition to a party endorsement, the victory is a great personal triumph for Theodore Roosevelt."

Vice Chairman New and Secretary Dyer issue the following signed statement regarding the result:

"We have now received reports from every state in the west and they confirm the earlier prediction that the republicans have carried every western state. There are no doubtful states. In nearly every case the majorities are unprecedented. It is a landslide which carries with it the state tickets which were privately favored by local contests or state issues. Close congressional districts have likewise benefited, and while we have no definite figures there will be a large net gain in the membership of the lower house."

Dispatches up to 1:45 a. m. show that the republicans have elected 292 congressmen and the democrats 138. Of the remaining 45 districts 32 are now represented by republicans and 13 by democrats.

Washington, Nov. 9.—President Roosevelt is assured of the cooperation of a republican congress. The present republican majority in that body is 31, and there need be no surprise if this figure is almost doubled, and it is reasonably certain to reach a majority of at least 50. In practically all districts the republicans have held their own while in some significant instances the democrats have lost. Probably the most marked of these cases are the Fourth and Fifth districts

of California (San Francisco) now represented by Representatives Liverhush and Wythe, democrats, whose reports indicate have been gained by the republicans. In the Twelfth Ohio district Taylor, rep., is reported to have defeated Badger, the sitting democratic member, who was a candidate for re-election. The most surprising case of all the reports, however, comes from the Fifth and sixth congressional districts, both strongly democratic, and the former represented by Mr. Cowherd, chairman of the democratic congressional campaign committee. The republicans claim to have carried both districts. In the light of these reports a republican majority of 50 in the house is considered a conservative estimate.

NEW YORK.

New York, Nov. 9.—Theodore Roosevelt's plurality in this, his native state, is second only to McKinley's in 1896. It exceeds McKinley's in 1900 by about 41,500. The late returns show that there were cast for him in New York state about 185,000 votes more than for Parker. Not only was the vote heavy in the country districts, where the republican strongholds are, but in the Greater New York, traditionally democratic, he ran much closer to Judge Parker than had been expected, even by his own campaign managers. It has been estimated that he would come down to the Bronx with better than 160,000 plurality, but the figures Monday night showed that this forecast would be exceeded by approximately 85,000. In this city Parker's supporters had expressed hopes that the earliest count would have from 140,000 to 150,000 more than Roosevelt, but in this they were disappointed by more than 100,000 votes. So overwhelming was the republican vote that the result was known positively even in the evening. The earliest counties to report made it clear that the Parker vote everywhere fell below Bryan's in practically all the up-state districts. In the Greater New York Parker's plurality was from 12,000 to 14,000 larger than Bryan's, but in the state, according to the late reports, his total vote fell 15,000 short of Bryan's.

The small plurality for Parker in New York city caused great astonishment, the lowest preliminary ante-election estimates having figured that he would go to the Bronx with 100,000 or more. When the reports came in showing that he would lead Roosevelt by only 40,000, they were received with amazement. The Parker plurality in the city was 35,000 less than was given Herrick, dem., for governor. Brooklyn, the republican stronghold, though Parker might lead Roosevelt, but reports from all but 37 districts give Roosevelt 424 plurality. His total vote fell 15,000 short of Bryan's.

There was a great surprise in the proportions of the vote for Higgins, republican, for governor, running against one of the Odell vote in the counties and winning by about 55,000. His plurality above the Bronx was probably 160,000, while Herrick's in the Greater New York aggregated about 75,000. Herrick did not carry Albany, his home county, nor did Parker carry Ulster, in which he lives.

OHIO.

Columbus, O., Nov. 9.—The returns in Ohio are compared with those on the state ticket last November, when the republican plurality was 113,812, the largest ever given an Ohio governor. The total vote then was only 577,203, and it is estimated at much over a million Tuesday. Last year the republican plurality for Gov. Herrick of 113,000, the second highest in the history of the state, was also on a total vote much less than a million. The pluralities of 1894 and 1903 were largely due to many voters voting for Odell but the returns indicate that they voted Tuesday.

The average republican plurality in Ohio the past ten years was 75,992. The largest plurality for McKinley four years ago and the republican committee estimate that the plurality for Roosevelt and Fairbanks will be double the highest plurality ever given McKinley either for governor or president.

It is estimated at from 140,000 to 150,000. The republicans claim a net gain of at least one congressman, Taylor, in the 12th district, Charles W. Robinson, rep., democratic state committee, has no figures to give out on the state or national tickets in Ohio, but he also claims a net gain of one democratic congressman. The Ohio delegation in congress now stands 17 republicans and four democrats.

Chairman Garber claims that the democrats have elected Garber in the Fourth, Ansberry in the Fifth, Crisinger in the 13th, Schneider in the 15th and Hurst in the 17th district.

The republican state committee Tuesday night will not concede any of these five districts except the Fourth, in which Chairman Garber was re-elected to congress and insist that if the present rate of republican gains continue, complete returns Wednesday will show Garber the only democratic congressman from Ohio. Based on returns received to 1 o'clock Tuesday night, if the present rate of gains is maintained for the unreported precincts Ohio will give Roosevelt 200,000 plurality. Indications are that the republicans elect 20 of the 21 congressmen.

INDIANA.

Indianapolis, Nov. 9.—Indiana has been carried by the republicans by from 45,000 to 55,000. The legislature will be republican by nearly 50, probably more. All the nine republican congressmen are re-elected by increased majorities, and the republicans claim also the Second and Third districts now represented by Representatives Miers and Robinson, both democrats. They are in doubt. The legislature, which will meet in January, will elect two United States senators, one to succeed Vice President-elect Charles W. Fairbanks, Senator Beveridge will be re-elected.

The republicans have almost if not quite doubled the McKinley plurality in the state of 25,467 four years ago. In Marion county, which includes Indianapolis, 102 out of 260 precincts indicate the republicans have carried the county by 11,000, which is almost double the McKinley plurality of four years ago. In scarcely a county of the state have the republicans failed to make large gains. The Democratic State Chairman O'Brien early concedes the state to the republicans by over 30,000 and sent his congratulations to Republican State Chairman Goodrich. Democratic National Chairman Taggart gave up the battle at 10 o'clock and wired his congratulations to Robinson, republican chairman of the state.

Vice President-elect Charles W. Fairbanks received the returns at his residence from private wires, which connected his home with the white house at Washington.

He and President Roosevelt early exchanged congratulations, and Senator Fairbanks was given a reception at the Columbia club. He did not make an address. In an interview he said the result was a generous endorsement of President Roosevelt and his administration.

National Chairman Taggart declined to express an opinion as to causes. He will leave for New York Wednesday morning, and will go at once to democratic national headquarters.

ILLINOIS.

Chicago, Nov. 9.—According to the returns received at midnight Illinois will give to President Roosevelt the largest plurality ever given a presidential candidate. He has by the unofficial returns carried Chicago by 97,000 and the county of Cook outside of the city will give him about 9,000 additional, making

his plurality in Cook county not far from 107,000.

In previous presidential campaigns the state outside of Cook county has invariably given a larger plurality for the republican candidate than the county, and, basing the calculation upon this fact, the republican state central committee claim the possible plurality for President Roosevelt will total 210,000, though some of the committee claim 230,000. The democratic committee refuse to give any figures. The greatest plurality ever given in Illinois before was 145,000 for McKinley in 1896.

The republican state ticket has been overwhelmingly elected. Deneen for governor running about 15,000 behind the national ticket in Cook county. It was expected by politicians of both parties that Deneen would run ahead of the national ticket in about the same proportion that he ran behind it.

Both branches of the legislature will be overwhelmingly republican, but no senator is to be elected at the coming session in January.

The republicans by carrying the First, Fifth and Eighth districts, heretofore democratic, have increased their congressional delegation from 17 to 20. The republicans have carried all the offices in Cook county with the possible exception of state attorney, the vote between Trude, dem., and Healy, rep., being very close.

KENTUCKY.

Louisville, Ky., Nov. 9.—The city of Louisville offers a contest with 15 precincts missing. Give Parker, 22,927; Roosevelt, 22,084. This indicates a net democratic loss of 2,000 in the Fifth congressional district over 1902.

Nine counties of 1,896 outside of Louisville and Jefferson county, give Parker a plurality of 5,034, a gain over Bryan's plurality in 1900 of 1,025.

Six hundred and seventy-two precincts out of a total of 1,896 in the state, give this year a plurality of 15,480. As the 11th district, a republican stronghold, is yet to be heard from, Parker's probable plurality is placed by those at both democratic and republican headquarters at between 12,000 and 14,000. Bryan's plurality in 1900 was 3,940.

IOWA.

Des Moines, Nov. 9.—Returns from 310 precincts show a republican gain over Bryan's plurality of 1900. If this gain be estimated throughout the 2,115 precincts the plurality for Roosevelt will be 130,466. The entire republican state ticket is elected by pluralities that will fall but little below the head of the ticket. The overwhelming republican plurality breaks all previous records in Iowa. It is said to be due in a large measure to the Bryan democrats, who are known to have voted for Roosevelt in large numbers.

Returns are slowly coming in, but the indications on well distributed returns, are that Roosevelt's plurality will be 125,000 and the entire state ticket will have about the same number. Republicans elect 10 congressmen, with the chance that the Second district, which is in doubt, will go republican.

CONNECTICUT.

New Haven, Ct., Nov. 9.—President Roosevelt and the entire republican ticket carried the state in Tuesday's election by an overwhelming plurality which was even larger than the most sanguine of the party predicted. That the republicans would make a sweep of the state was evident by the early returns, and there seemed to be no doubt of the result soon after the polls closed. It is estimated that President Roosevelt's plurality will reach almost the 25,000 mark, which is 10,000 more than McKinley's figures in 1900.

The state ticket was not far behind and from Henry Roberts, the candidate for governor, down, there was a clean sweep. Thirty-seven of the forty electors and the congressmen at large were all re-elected and the legislature will remain republican by a ratio estimated at about 2 to 1, which is a slight gain over the ratio of two years ago.

PENNSYLVANIA.

Philadelphia, Nov. 9.—The republicans have carried a clean sweep in Pennsylvania, carrying the state for Roosevelt and Fairbanks by over 300,000 and electing 25 of the 26 state senators and 23 of the 28 congressmen. They have also elected about 175 of the 294 members of the house of representatives. This gives them control of both branches of the legislature by a large majority, insuring the election of Gov. Pennypacker's appointee, Philander C. Knox, for United States senator to succeed the late M. S. Quay. John P. Elkin, rep., is elected state supreme court judge by a majority almost as great as that cast for the republican national ticket.

Estimates from the entire state give Roosevelt a plurality in Pennsylvania of between 200,000 and 300,000. In Philadelphia Roosevelt's plurality will exceed 175,000.

MISSOURI.

St. Louis, Nov. 9.—The results of the election in Missouri and in St. Louis are in doubt. Both sides claim victory. The democratic state committee claimed that the state had been carried by a majority of 35,000 and St. Louis by 5,000; that is, the democrats had been elected and the legislature will be democratic by a majority of 40, assuring the re-election of United States Senator Cockrell. On the other hand, State Republican Chairman Neidringhaus was equally assertive that St. Louis had gone republican by 20,000 and the state majority would reach 5,000. He felt confident that final returns would show at least five republican congressmen elected, and felt assured of a majority in the legislature on joint ballot.

MARYLAND.

Baltimore, Nov. 9.—Returns from the city and state are not complete, but it is apparent from the official reports so far received that the vote in Maryland is very close and that the actual result may not be definitely known Tuesday night, owing to the slowness of returns from remote districts in each of the two southern counties. In Baltimore the indications are that there may not be a difference of 100 votes. Incomplete returns from the counties show unexpected republican gains, particularly in the western counties.

The Sun, which supported the democratic presidential nominees, concedes at 2:30 a. m. that Roosevelt carried the state by about 1,000. In Baltimore, where one precinct missing, Parker has 74 plurality.

MICHIGAN.

Detroit, Nov. 9.—Michigan was the scene of a veritable republican landslide. Roosevelt and Fairbanks have carried the state by an unprecedented majority, variously estimated at from 100,000 to 150,000. The republican state ticket is elected; at least 11 of the 12 congressmen from Michigan are republican and the legislature is overwhelmingly republican, insuring the re-election of every republican congressman. Fred M. Warner, republican candidate for governor, was generally conceded a majority of about 35,000, while Roosevelt and Fairbanks' majority was simply described generally as over 100,000.

NEW JERSEY.

Newark, N. J., Nov. 9.—New Jersey was carried by the republicans by a bigger majority than even the most sanguine of the republican predictions claimed. The state gave in the neighborhood of 60,000 for Roosevelt, exceeding McKinley's majority four years ago by 3,000 or more. Despite a local issue which was used against him and which caused him to be cut severely in some parts of the state, Edward S. Stokes, the republican nominee for governor, defeated his democratic opponent, Charles C. Black, by more than 20,000. Eight republicans and two democrats will constitute the state's congressional delegation, a gain of one for the republicans.

WEST VIRGINIA.

Parkersburg, W. Va., Nov. 9.—The republican state committee, basing its claims upon very meager returns and upon estimates from party leaders in various counties, claims that Roosevelt will carry West Virginia by a plurality which may reach 40,000, the plurality four years ago being 21,000. The same committee claims that the majority of Dawson, rep., for governor, will be half that of Roosevelt, only a few precincts have been counted in the state, and they are the smallest ones; so any forecast at this hour is largely guess work.

MINNESOTA.

St. Paul, Nov. 9.—Returns from the larger cities of the state are coming in very slowly, but so far as received Johnson, dem., for governor, is maintaining his lead over Dunn and running far enough ahead of land's 1900 vote to insure his election by a comfortable majority of the ratio if gain is maintained. Roosevelt's plurality continues to grow and may go above 100,000. All of the republican congressmen are elected with the possible exception of Buckman, in the Sixth.

MASSACHUSETTS.

Boston, Nov. 9.—Although the republicans carried Massachusetts for President Roosevelt in Tuesday's election by 82,000 plurality, they lost the governorship for the first time since 1892. William L. Douglas, of Brockton, defeating Gov. John L. Bates, of this city, by about 25,000 plurality. The balance of the republican state ticket is carried by the republican state committee. The republicans made slight gains in both branches of the legislature which will select two United States senators.

ARKANSAS.

Little Rock, Nov. 9.—The Gazette's advances from all parts of the state bear out the estimates of a plurality of 40,000 for Parker and Davis, electors in 1900. Of the seven congressional districts is democratic by majorities ranging from 4,000 to 5,000. The total vote will fall short that cast at the state election in September, on account of apathy in some of the counties.

KANSAS.

Topeka, Kan., Nov. 9.—At 2:30 o'clock Wednesday morning returns at hand show that Roosevelt has carried Kansas by a majority closely approaching 100,000. E. W. Hoch is elected governor by the republicans by a plurality of 55,000 or more. T. T. Kelly, republican candidate for state treasurer, will receive a plurality of 12,000. The legislature, which may have to elect a United States senator, will be overwhelmingly republican. The eight members of congress from this state are all republicans.

NEBRASKA.

Omaha, Neb., Nov. 9.—The indications are that Roosevelt has carried Nebraska by a plurality of from 35,000 to 40,000. The republicans have elected congressmen in the First, Fourth, Fifth and Sixth districts. The Second and Third are in doubt. The legislature, which elects a United States senator to succeed Senator Dierich, will probably be republican. In Omaha the socialist movement is surprising strength and will poll the largest vote in the history of their organization.

NEW HAMPSHIRE.

Concord, N. H., Nov. 9.—This state has preserved unbroken its line of republican national victories which began with Fremont in 1856 and has given its electoral vote to Roosevelt by approximately 20,000. Congressmen Sullivan and Carrier are re-elected by pluralities ranging from 7,000 to 10,000, and Michael, rep., for governor, leads Hollis by about 15,000. The legislature will be strongly republican in both branches.

CALIFORNIA.

San Francisco, Nov. 9.—Scattered returns from California indicate that Roosevelt has carried the state by a larger majority than did McKinley four years ago. Of the 11 congressmen to be elected the republicans claim to be assured of seven with the Second district in doubt. In this district Bell, dem., is running away ahead of his ticket.

UTAH.

Salt Lake City, Nov. 9.—Scattered returns from this state indicate that Roosevelt will have a plurality exceeding 7,000. His vote shows a heavy increase in every precinct except a few. Indications point to the election of John Cutler, rep., for governor, by a considerably smaller plurality. The American (anti-church) party vote in this county may reach 6,000.

RHODE ISLAND.

Providence, R. I., Nov. 9.—Indications are that Roosevelt has carried Rhode Island by a plurality of over 5,000. At that hour only about half the country districts and a quarter of the city districts were reported. The result for governor was still in doubt with Littero, rep., slightly in the lead. Congressional seats were also unsettled at midnight.

WISCONSIN.

Millwaukee, Nov. 9.—It is generally conceded that Roosevelt has carried Wisconsin by a plurality estimated at between 60,000 and 75,000. Both republican and democratic state chairmen claim the state respectively for LaFollette and Peck. The Scofield (national republican) state ticket received a very light vote.

ALABAMA.

Birmingham, Ala., Nov. 9.—Inter returns show that Congressman Burnett has been re-elected to congress from the Seventh Alabama district by 2,000 majority. Thomas Heflin's majority in the Fifth district will be 6,000. These were the only two democratic candidates thought to have serious opposition.

NORTH CAROLINA.

Raleigh, N. C., Nov. 9.—There is hardly any doubt but that all ten democratic congressmen have been elected. Only the two mountain districts are in doubt, the Eighth and the Tenth. These the republicans do not concede, and it will take a day to know absolutely. The democratic majority in the state appears to be about 50,000.

VIRGINIA.

Richmond, Va., Nov. 9.—The election in Virginia was absolutely without disturbance so far as has been heard. The dem-

ocratic majority on the presidential ticket will be about 25,000. Nine congressmen out of a total of ten have been chosen. Slomp, the republican incumbent in the Ninth district, apparently re-elected by a majority of about 1,200.

MISSISSIPPI.

Jackson, Miss., Nov. 9.—Returns thus far received show that between 60,000 and 65,000 votes were cast and the opposition to the democratic party will poll between 10,000 and 11,000. The democratic majority for Parker and Davis will be in the neighborhood of 50,000. Mississippi returns eight democratic congressmen.

MAINE.

Portland, Me., Nov. 9.—The six Maine electors will cast their votes for Roosevelt and Fairbanks. Returns received from all but 124 of the 519 cities, towns and plantations gave Roosevelt a plurality of 31,755. This is a republican gain of 8,349 over that given in the same places four years ago.

GEORGIA.

Atlanta, Ga., Nov. 9.—The returns from the Georgia election are still meager, and there is no reason to change the estimated total vote of 90,000, with a plurality for Parker and Davis of something over half this number. All 11 democratic congressmen are elected.

VERMONT.

White River Junction, Nov. 9.—The result of the national election in this state was as anticipated by the republicans, Roosevelt carrying the state by nearly 31,000 plurality. The only question before the voters was the selection of presidential voters.

LOUISIANA.

New Orleans, Nov. 9.—The democrats have carried Louisiana for Parker and Davis by a majority of probably 35,000. Seven democratic congressmen have been elected. The election was peaceable and outside of New Orleans a light vote was cast.

WYOMING.

Chevyenne, Wyo., Nov. 9.—Partial returns indicate that Roosevelt has carried Wyoming by 7,000 majority, and the election of Mondell, rep., to congress, and Brooks, rep., for governor, and the remainder of the state ticket is certain.

OREGON.

Portland, Ore., Nov. 9.—Returns from 20 precincts in six counties in Oregon outside of Multnomah county give Roosevelt, 1,274; Parker, 413; Watson, 12; seat-trick, 148. Same precincts in 1900: McKinley, 1,163; Bryan, 871.

WASHINGTON.

Chicago, Nov. 9.—Secretary Dyer, of the national republican committee, has received the following telegram: "Seattle, Wash.—Democrats concede Washington to Roosevelt by 20,000. We claim it by 40,000."

SOUTH CAROLINA.

Columbia, S. C., Nov. 9.—Parker has carried South Carolina by not less than 40,000 plurality. The democratic state ticket has been elected without opposition. The state legislature is unanimously democratic.

COLORADO.

Denver, Col., Nov. 9.—From scattering returns received up to 10 p. m. it appears that Roosevelt carries Colorado by a plurality of something between 5,000 and 10,000 and that Alva Adams, dem., is elected governor.

SOUTH DAKOTA.

Sioux Falls, S. D., Nov. 9.—Senator Klutznick claims that Roosevelt has carried South Dakota by 40,000 and Chairman Crane, of the republican state central committee, puts the figures at 50,000.

TEXAS.

Austin, Tex., Nov. 9.—Early returns show that the vote cast Tuesday will hardly exceed 375,000, of which 250,000 were cast for Parker, 60,000 for Roosevelt and the balance scattered.

DELAWARE.

Wilmington, Del., Nov. 9.—Roosevelt has carried Delaware by about 5,000 and the republicans elect governor and congressmen. The legislature will be overwhelmingly republican.

FLORIDA.

Jacksonville, Nov. 9.—The few scattered returns so far received indicate the usual democratic majorities. The democratic candidates for congress are all elected.

IDAHO.

Boise, Idaho, Nov. 9.—Roosevelt is conceded to have carried the state by a heavy majority. Gooding, rep., for governor, runs slightly behind Roosevelt.

ARIZONA.

Phoenix, Ariz., Nov. 9.—Republican headquarters announce that Fowler, dem., for delegate to congress, is ahead in Phoenix 255 votes and in the country predicts in this county 312.

NORTH DAKOTA.

Grand Forks, N. D., Nov. 9.—State returns are coming in very slowly so far, a normal vote is indicated with 25,000 majority for Roosevelt.

TENNESSEE.

Nashville, Tenn., Nov. 9.—The vote in Tennessee has been light. Early returns indicate an estimated democratic plurality of 15,000.

Boy Lacerated By a Dog.

Lexington, Ky., Nov. 9.—While attempting to take a bone from a vicious bulldog, belonging to W. B. Nickells, Hammond Oldham, six-year-old son of C. K. Oldham, was severely bitten about the face and body and is not expected to live. The little fellow was bitten eight times in the face, and his upper lip was so badly lacerated it will have to be taken off.

Friendship Resumed.

Newport News, Va., Nov. 9.—Rr. Adm. W. C. Wiles went on the retired list Tuesday, lowering his flag as commanding officer of the training ship squadron. He was succeeded by Rr. Adm. Royal B. Bradford.

New York, Nov. 9.—It is announced on Wall street that Enrique Cortes has been named Colombian minister to the United States, reopening diplomatic relations between the two countries.

EVENING BULLETIN. DAILY, EXCEPT SUNDAY. ROSSER & McCARTHY, Proprietors. WEDNESDAY, NOVEMBER 9, 1904

Weather Forecast.
 Warmer to-night and Thursday; probably rain; warmer Thursday.

The Ledger is to be complimented on its splendid (?) write-up of Hon. Samuel J. Pugh's speech Monday night. It gave a half column to Mr. Allen Cole's introduction and two measly little lines to the big gun of the evening.

Expensive to Stop.
 The railroad train is the best illustration that has ever been found to typify continuous advertising, says Printer's Ink. A local passenger train takes just about twice as long to cover a hundred miles as an express train. Some people think it travels more slowly, but there is little difference in the actual running speed. The time is lost in making the stops, slowing down and getting under way again. For this reason spasmodic advertising consumes twice as much energy as continuous advertising. It may cost considerable to continue the campaign, but it costs more to stop for a season.

BOYS' WORK CONFERENCE.
 Of the Young Men's Christian Association to be held in Shelbyville This Month.

The second annual boys' conference of the Kentucky Young Men's Christian Association will be held in Shelbyville on the Friday, Saturday and Sunday following Thanksgiving, Nov. 25th-27th. The conference will open on Friday afternoon with a banquet provided and served by the Ladies' Committee of the Shelbyville association. In addition to the inspirational themes to be treated, practical phases of boys' work will be taken up and discussed by the boys themselves, an effort being made to place upon them the responsibility for conduct of the work for "the other fellow." There will be present a number of specialists in boys' work who will participate in the conference. The boys' orchestra of the Louisville association, composed of sixteen musicians, will furnish the music. Attendance will be limited to boys from the associations of the State, each city and railroad association and each county organization being allowed ten delegates. A rate of one and one-third fare for the round-trip has been granted by the railroads and free entertainment will be provided for all delegates. Further information can be secured from any association Secretary, or by B. W. Godfrey, Department Secretary State Committee, Third and Broadway, Louisville.

PERSONAL.
 —Miss Margaret Allison has returned from a two weeks' stay at St. Louis.
 —Mr. Joseph Lane of Frankfort, who has been here for a week, left for his home this morning.

"He's All Right."
 How dear to our heart is the steady subscriber, Who pays in advance at the birth of each year; Who lays down his money and offers it gladly, And casts 'round the office a halo of cheer!
 Who never says: "Stop it, I cannot afford it." Or: "Am getting more papers than I can now read."
 But always says: "Send it, I read it and like it, And can't do without it—it's just what I need."
 How welcome he is when he steps into our sanctum, How he makes our hearts throb! How he makes our eyes dance!
 We outwardly thank him—we inwardly bless him— The steady subscriber who pays in advance.

REPUBLICAN LANDSLIDE

Kentucky Still in Line, Though Giving Greatly Decreased Majorities.

KEHOE WEATHERS THE STORM

National Ticket in the Ninth Developed in the Great Political Whirlwind.

INFIRMARY PROPOSITION DEFEATED,

While the City Sewer Bond Issue Carries By a Considerably Increased Vote.

TABULATED VOTE OF CITY AND COUNTY

The latest returns from yesterday's election indicate that the Republican landslide was most complete, many of the doubtful States being reported in the enemy's column.
 There is nothing for the Democrats to jubilate over this morning, as "all seems lost save honor." With bedraggled feathers the rooster is put back in his box to be brought out on a more propitious occasion.
 With bedraggled feathers the rooster is put back in his box to be brought out on a more propitious occasion.
 Even Kentucky is being claimed as doubtful by the Republican leaders this morning, but the complete figures will probably make her Democratic by about 5,000.
 The national ticket in the Ninth district was lost to the enemy, but there is one crumb of comfort left in the assurance that Congressman Kehoe has weathered the storm and wins by a safe majority. Carrying the district by even a few votes, under the circumstances, is really a wonderful accomplishment and shows his popularity with the masses.
 The infirmity building proposition was lost in the county by an overwhelming majority.
 The vote on the sewer bond issue carried by an increased vote over the previous election, and the city officials are happy.
 The general result, so far as obtainable up to 6 o'clock this morning, will be found in our telegraphic columns.
 The tabulated vote for city and county is herewith given:

The smallest stage coach ever built was put on exhibition the other day in the Kentucky World's Fair Building. It is a perfect model of the old-fashioned Concord coach, and stands less than a foot high by about fourteen inches long. The coach was made by P. W. Depp, chief engineer of the Kentucky branch penitentiary at Eddyville. He cut it out during spare moments at the penitentiary with the use of pliers and pocket knives. The wood composition is of ash, poplar and hickory, and the metal parts of copper. Five months were consumed in the construction of the coach.

If every pound of tobacco in the white burley district was assigned to one seller how much better price you would get than at present. In California the fruit growers are organized, and one man sells all the fruit raised in California, and the price he sells at is fixed by the Fruit Growers' Association. And in Georgia the watermelons are assigned to the Melon Growers' Association, and the growers are not compelled to take "any old price" that may be offered them. They all have something to say about the price of their product. Are the Kentucky tobacco raisers the only "chumps" in the world? asks the Cynthiana Times.

Not So Many Good Boys.
 "Boys are not what they used to be," remarked an old merchant. "The first ten years I was in business I hired seven office boys, and five of them grew up with the business and are with me yet. In the past year I engaged eight boys, and only one of them is here now, and he is marked for an early deportation to the outside. What is the matter with them? Restlessness, laziness, late arrivals in the morning, a desire to advance wages and decrease labor and cigarettes."

Every color that's in demand and more brown and black than any other color. We are selling more dress goods this year than any previous fall. We don't know whether the people are wearing more clothes or whether more of the fair sex are finding out what an up-to-date dress goods store we have. It would make interesting reading if we would name a few hundred Mason and Fleming County 400 that have been supplied here this season. But we are not going to do it. You must come and see for yourself. Will you?

Blasting in nothing but dirt is something unusual, yet Lexington is a town that is capable of producing the unusual. The drouth has reached such proportions that it is necessary, in some instances, to suspend building or resort to dynamite and powder to make the necessary excavations. In digging for a cellar there workmen were obliged to abandon the pick and shovel and resort to dynamite to blow up the dirt, just as if it were solid rock.
